I will try to call in for some of it. I did talk to Cheryl and Raj about several of the issues on the agenda. I'm not sure if we talked about the applicability determinations. I know there is a common control determination in house (you are already assigned) and another one in the context of a title V permit at a landfill. Not sure if that is what the agenda item is referring to.

Apple- are you planning on participating in this call? I cannot. I have two things going on at this time that I need to participate. I am interested in the NSR training and the applicability decisions- but maybe Cheryl and Raj told you about those in your call today.
